

**KAYAKING Permission Form  
(For Expedition Campers):**

All kayaking Expedition campers will spend one night at our Outpost location on the property of Glisson Camp and Retreat Center while they spend part of a day learning the basics of kayaking on Glisson's Lake Hale. For the rest of the week they will be camping at campsites along both the local Chestatee River and Etowah River as they will be kayaking sections of both rivers. Transportation will be provided by Glisson vehicles and trained staff. Campers will be in their adventure group with at least two staff members, of whom, one or both are Wilderness First Aid and Lifeguard Certified. While on the river, emergency medical services are approximately one hour away. Campers will be cooking their own meals, building fires, learning to use an axe and saw, and other outdoor skills. Glisson provides adequate group gear and supplies for each trip yet, campers are subject to extremes in weather at all times. All trips are subject to change at the discretion of the Glisson Outpost staff due to dangerous conditions, weather, or emergencies. Campers will be held responsible for their own behavior while participating in Glisson's Expedition Camp. Understanding these situations, I hereby give my permission for my child \_\_\_\_\_ to participate in this trip sponsored and supervised by Glisson Camp and Retreat Center.
